

# Roundtable Membership Moment

## Membership Booths

Looking to ramp up excitement and grow the membership in your unit? Recruiting should be dynamic, year-round, and exciting!

Membership booths at community events are a great way to invite families to join the fun—hosting fun events at the unit level is what welcomes the family to Scouting. Here are some exciting activity ideas that'll have kids lining up to join the adventure!

🚀 Blast off with Space Exploration: Star-gazing, rocket building, and astronaut training!

🍲 Get Wild with Outdoor Olympics: Scavenger hunts, outdoor cooking, obstacle courses, and storytelling bonfires under the stars!

🔬 Ignite Curiosity with Science Spectaculars: DIY experiments, robotics challenges, and science demonstrations that make learning a blast!

🎨 Fuel Inspiration with Art Adventures: Outdoor painting sessions, sculpture workshops, and community mural projects!

💡 And don't forget, the possibilities are endless! Brainstorm even more innovative ideas to make Scouting the ultimate adventure for our youth, like participating in local Council sponsored activities.

This is not just for packs. Troops, crews, and ships can set-up fun, inviting activities too.

Let's make Scouting the coolest place to be—where every activity sparks joy, curiosity, and lifelong memories. Get ready to inspire the next generation of leaders through unforgettable adventures!
